Ady Art Center Frequently Asked Q&A

Performance Related Questions	
Question	Answer
Does my kid have to participate performance while taking classes at Ady Art Center?	Simple answer is NO. Just inform us with or without any reasons when we ask around. We understand and respect as far as you respond quickly. We really appreciate your straightforward and honest answers. However, we encourage and empower each kid and the parents to take the challenge. Performance is important to develop the leadership and self-confidence.
If we participate the performance, why do we need to spend extra time for rehearsal? Can't we just do it within the regular classes?	Logistically we can't do that because not all kids from the same class participate the performance. Also kids from other classes may participate the performance as well. We need to know exactly who will participate in order to choreography and practice the performance.

Why is it so expensive to purchase costume? Is it waste of money to spend money for just one performance? Can we try to use it many times?	Yes, costume is expensive because it is not commodity and not even always available due to limited quantity costume companies make. We need to purchase them ASAP. From the past experience, all costumes were used more than once. We just need to be ready when the performance opportunities are coming up. It takes time to prepare a show, so the best we can do is to anticipate and get ready. We are trying our best to leverage what our parents have spent. We understand and try our best to strike the balance between our goals and our means.

What are the group dance class sizes limits?	Simple Answer Ady Dance Level 1, 12 each class. Ady Dance Level 2 and Level 3, 15 each class. Ballet group class: 15 each class. Music Theater Level 1, 12 each class Music Theater Level 2, 15 each class Acrobatic class: 10
Dose Ady Art Center try to reduce	Yes, we are trying hard to control

<p>the dance class sizes or take other measures to maintain the high quality of each class?</p>	<p>the class size below the maximum capacity by opening more classes on different days. We can't do all the classes in one day because our teachers need the rest to run quality classes. Teaching dance is a physically demanding job. We also need your help to move your child to the class with few students if possible. For level 1 class, we start to hire teaching assistant to help little kids better. Additionally, we offer private or semi-private classes to meet your specific need.</p>
<p>What is the makeup policy?</p>	<p>You must do the make-up classes during the session. After the current session, the make-up eligibility is solely under the discretion of Ady Art Center. To make it easier, forward make-up is encouraged. Forward make-up means that you can make up before the missing class time in case you know in advance that you will not come to the class.</p>
<p>My kid stops to dance inside the studio. Can I just run into the studio and help out?</p>	<p>Absolutely NOT. All parents must receive permission from the teacher prior entering the studio. When a strange person runs into the studio, it interrupts the class and other kids from that class very much. It is not fair and annoying. It</p>

	is normal that young kids have their mood vented out by not dancing and they want to check the boundary. If we just ignore this type of behavior, then they will stop to do it in the future because that trick simply doesn't work for them.
Does Ady Art Center do recital?	We are actively working on the 2018 recital. Once the venue and date is finalized, we will notify all parents ASAP.
Where can I get information about all Ady Art Center Classes, Sessions dates, Events and Studio holiday closure etc.?	Please check www.adyartcenter.com Please feel free to ask any questions in case of doubt.
I really need to talk to the teacher about my child's development privately. What is the best way to do that?	Please email us ady.sun.llc@gmail or text us 2017794528 with your request and phone number. We will call you back ASAP to have a private conversation to discuss all your concerns and questions.
Can I observe the class in session from outside? Can I chat with other parents while waiting for my kid?	Yes, all parents are welcome to observe the class from outside occasionally. Please try your best not disturbing your own child or other children. Parents can also chat outside, but please keep the volume at the minimum level and

	try to stay as far as possible from the class.
